**ITEM:**

Cooperative Agreement with County of San Joaquin

---

**PROJECT:**

Austin Road Chip Seal

---

**EXPLANATION / RATIONALE FOR AGREEMENT:**

SJ County is planning to chip seal the County-maintained sections of Austin Road from Hwy 99 north to about French Camp. There are a few sections of Austin Rd that are maintained by Manteca. Rather than simply skipping over the City-maintained sections of Austin Rd, which would leave a patchwork of paved and unpaved road sections, the County asked if the City wanted to include our sections of Austin Rd in their project provided the City paid for its sections that get chip sealed. PW staff support this plan as there are cost savings to be realized through economies of scale. Before proceeding with the work, the County needs the City to sign a cooperative agreement to reimburse them for the costs incurred to chip seal our sections of Austin Rd.
