ROUTING SHEET FOR AGREEMENT APPROVAL

TO: Steven J. Pinkerton, City Manager

FROM: Department of Public Works

Date: 10/1/10

Phil Govea, Deputy Director of Public Works PLG  
drop down box above please initial next to name

EXPLANATION / RATIONALE FOR AGREEMENT

Agreement with Nolte to update the City's wastewater collection system master plan to reflect the changes discussed with the BIA as part of the PFF project. Namely, lower sewer generation rates for certain industrial and commercial uses (which reduces pipe sizes), and a lift-and-gravity approach for south Manteca (which is cheaper than the deep gravity approach).  
  
Sufficient funds for this work are available in Sewer PFIP Account No. 063-2403-482.27-01 by reprioritizing and reallocating from Item 5 (Collection System Value Engineering) to fund the master plan work.

Financial information:

Cost: \$70,300

Funds Budgeted in Account(s): 063-2403-482-27-01

Approvals:

Approved as to Form by City Attorney see attached

Approved by Deputy Public Works Director: Phil Govea 10/1/10
