**Notes to Special Services** (continued from previous page)

- <sup>2</sup> Key charges are allowed when container access requires the driver to carry a key and unlock a lock to empty the container. Key charges do not apply if a customer's lock is left in the unlocked position.
- <sup>3</sup> Enclosure charges are allowed when collection required removing a container from an enclosure and replacing it when emptied.
- <sup>4</sup> Gate service charges are allowed when collection requires opening a closed or locked gate in order to access a container.
- <sup>5</sup> Long walk charges are allowed when a container is placed further than 10 feet from where the collection vehicle has access.
- <sup>6</sup> Charges for key, enclosure, gate, and long walk service are not cumulative pickup charges. The contractor's rates for a customer requiring one or more of the four special services will be a maximum rate (as specified in the table above) as adjusted for CPI.
