Jaci:

In June, 2005 we updated our School Facility Needs Analysis in the study our new student generation factor is as follows:

	SINGLE FAMILY	MULTI-FAMILY
Elementary School	0.503	0.217
Middle School	0.136	0.059
High School	0.258	0.111
TOTAL	0.897	0.388

Hope this helps you out.

Hi John -

I left a voicemail, but on the chance it is easier to email information to me, I thought I would contact you
