Chapter 17.40.040(D)-Development Standards for Storage Containers

This section describes standards for temporary and permanent storage containers. These containers require the issuance of a Temporary or Permanent Storage Container Permit from the Community Development Director. The following general rules/ standards apply to storage containers:

- Storage containers may not occupy any required landscaping, open space, parking spaces, loading/unloading areas, circulation aisle/lane, fire access lane, public utility easement or public right-of-way, including streets and sidewalks and parkstrips or impact access to the site or an adjacent site or otherwise create a nuisance or interfere with the peaceful use of neighboring properties
- No storage container may be placed on the public right-of-way at any time unless the required encroachment permit has been previously obtained and a copy of the permit attached to the unit. Any such container found on the public right-of-way without having the required encroachment permit may be subject to immediate removal at the owner's expense
- All storage containers shall be operated in a safe manner, and be structurally sound, stable and in good repair. The container shall not contain any holes, peeling paint, rust, damage or structural modifications.
- Containers must remain in compliance with all conditions of approval at all times.

Good morning,

I received your voicemail regarding obtaining a Storage Container Permit. I am happy to assist you with this. The application is attached to this email. For most people, the fee is \$85.00, and the permit is valid for 90 days from the date of issuance. This would be for a home permit for a situation like someone moving to another home. Permit issuance is over-the-counter, and usually takes about 10-15 minutes. The larger fee of \$166 is for permanent containers on commercial properties.

If there are any further questions, please feel free to email me or call me on my direct line, listed below. Thank you.

Regards,

Toben Barnum, Development Services Technician
